

Lady Fest
Tijuana, Baja California Mexico
Friday 13 - Saturday 14 - Sunday 15 June 2008
Convocation

As we are indigenous, sissies, lesbians, bitches, old ladies, poor women, full of debts and without resources, young and more, the people in power see the words we use to define ourselves with skepticism, and we are fighting in order to define ourselves; our vices, our loves, our struggles, and our places in societies, to name who we are because from where we stand the neo-liberal western democracy offers us nothing, and wickedly uses mere illusions of participation to shove their doors in our faces.

Maria Galindo, Mujeres Creando, Bolivia

We invite . . .

Lady Fest Tijuana 2008 is a project with a mission to bring together different communities who struggle day by day in order to destroy gender roles, clichés, and oppression that is forced upon us by society for solely the benefit of those in power.

In this festival, we want to create a resistant culture. We want to get to know each other, learn, create and

share in an autonomous space free of authority, with individuals, collectives, groups and organizations (not-for profit) of all different types that fight against sexism, homophobia, misogyny, heterosexism, and all the "isms" that grow from the sickness called patriarchy.

We want to create a space where it is possible to meet each other and communicate in many different ways: from critical analysis to creative expression.

People from all gender orientations are welcome in Lady Fest Tijuana 2008.

Details for the 2008 Lady Fest Camp

During the days the 2008 Lady Fest activities will be taking place, certain space will be delimited for the participants and visitors for camping, so it is very important to remember the next few points:

- Since the event will be a 3 day camping it is a must to bring your Camping Tent, Sleeping Bag, lanterns and batteries or combustion supplies, dishes, cutlery, bottles, containers, hygiene supplies (toilet paper, soap, tooth paste, toothbrush. etc.), and some other provisions you will need.
- You don't need to bring a lot of stuff (don't bring high importance documents or other valuable personal items you could lose or brake).
- It is really important to bring your own cutlery and your own dishes, mugs, glasses and other table ware, so we can avoid filling the place with trash and with it, cantaminate the place.
- If you suffer any disease, allergy or other suffering, don't forget ro bring your own medication. Always try to prevent by carrying with you some analgesic or palliative you could need (band aid, bandages, adhesive tissue, isodine or other desinfectant, etc.).
- Drugs and/or alcohol are not welcome to the 2008 Lady Fest Camp, so please try not to bring any. It is an event where there will be workshops, talks, conferences, art, music, dialogue and more, we don't want any hard-to-handle situations or violence during the camp.
- We firmly want to prevent and avoid any form of authoritarianism, fights, troubles and confrontations, so bringing any kind of weapon or knives to the Camp is not allowed.

Cooperation, creativity and respect are always welcome.
